THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors.* They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic,* as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty.* All losses promptly adjusted and paid.

New York Life Insurance Company,
CASH CAPITAL OVER - - $1,000,000

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

DAILY GAZETTE.

For the Daily Gazette.
Letters on the Death of Eugene Tuttle.

SHOPIERE, May 26, 1862.

MESSRS. EDITORS:—Enclosed I send you a letter from L. P. Norcross, of the 13th regiment, to Mr. and Mrs. Charles Tuttle, the parents of Eugene Tuttle, of company F, who died at Fort Riley, on the 11th of May, of typhoid fever. The letter will be interesting to many of your readers, not only for the information which it gives of the closing hours of one who was well known and much beloved in this region, where he was born and reared, but also for the proof it gives of the kindness, delicacy, and quick sympathy of its author.

I will only add, to what is contained in the letter, that Eugene Tuttle was born in Clinton, of which town his parents were among the earliest settlers, together with his grandfather, and numerous other relatives. For a little more than four years he has been a member of the Congregational church of Clinton, and so long as he remained among us, his walk was consistent. When he enlisted he was the superintendent of our sabbath school, a member of our choir, and in many respects one of our most useful and reliable young men. Nothing but our deep interest in the fearful struggle forced upon our country reconciled us to what we fondly hoped would only be his temporary absence from among us. How he first passed through the trying ordeal of temptation in the camp, we who saw him not cannot speak. It is enough that he displayed the power of gospel principles for several years, and that when he died, far away from home and kindred, they were his support. Had he lived until the twenty-fifth of next July, he would have been twenty-three years of age.

From his pastor,
W. H. BURNARD.

THIRTEENTH REGIMENT WIS. VOLS.,
FORT RILEY, May 12, 1862.

MR. & MRS. TUTTLE:—I am fully conscious that I am entering within the sacred circle of your deep grief. My only apology is that I witnessed your son Eugene's last sickness, and was a frequent visitor to his dying bed. There are some things I witnessed in reference to his religious experience, that, perhaps, no one else will ever mention to you.

I may add here that I was a class-mate of his at Milton Academy, and have always held him in high esteem. He was, as perhaps you already know, a member of the "Army Church," and at the time of his death, a member of the church council for company F. The council unanimously voted to attend his funeral, which occurred to-day, and at Capt. Stevens' request, we attended to the matter of securing a chaplain, Mr. Tilton, our chaplain, being back with the 150 sick men at Lawrence.

During most of Eugene's sickness he was unconscious and slept a great deal. During one of his lucid intervals I held some intelligible conversation with him. I often went to see him during his sickness, but only one time that I saw him was his mind so that he could converse intelligently. He had, I think, not the remotest idea that death was so near to him until, at the time referred to, we succeeded in acquainting him with the fact that he was dangerously sick. I then asked him if it was the will of his Heavenly Father to take him away, he was willing to go? To which he readily replied in the affirmative. I then asked him, if he trusted alone in the merits of the Lord Jesus? His reply was, "yes, and have for years." Although there was not much energy manifested in his answer, yet, considering his feeble state of mind, I think he expressed a good degree of confidence in hope of an eternal rest through Jesus Christ. Capt. Stevens, I presume, has given you many of the details of his sickness and death; my only object in writing was to refer to what, perhaps, Capt. S. might feel some delicacy in communicating.

You will not thank an entire stranger to intrude within the charmed circle of your great grief, in this hour of hour desolation. But dying away from his home, amidst comparative strangers, I thought I might give you the details of his death so far as they referred to his future life, without transgressing any rules of propriety. He spoke of you with kindness, and wished us to say to you that he could not write to you as he was so weak.

His walk amongst his brethren in the Army Church was, I think, worthy of the high vocation whereunto Christ had called him, and now having passed away from us, and entered within the vail we may believe of him that he has been admitted to the glorious companionship of the redeemed, made perfect through the "Atoning Lamb," and may you and we, his brethren in the Army Church, so live and adorn the doctrine of Christ that when we go over the "dark river" we may enter upon the same calm, blissful rest, and worship at the feet of the same infinitely blessed Saviour.—Yours in the hope of immortality,

LANSON P. NORCROSS,
Secretary of Army Church.

Solomon Sturgis, the well known banker of Chicago, has been pronounced insane by a commission called at the request of his son, and sitting in the case.

The Great Eastern brought over a very small cargo, and only few passengers. She is, we understand, to return fully laden with wheat in sacks and bulk, at full rates, which will make a paying trip, if, as is anticipated, a considerable number of excursionists to the world's fair also go out in her.

MORTGAGES FOR SALE.

DR. J. BOVEE DODS'
IMPERIAL WINE
BITTERS,

ARE made from a pure and unadulterated Wine, which is about double the usual strength of other Wines, and is imported by only one house in the United States. Also, from the following valuable Roots, Herbs, &c., viz: Solomon's seal, Spikenard, Camomile Flowers, Gentian, Wild Cherry Tree Bark, and Bayberry.

WE CHALLENGE
THE WORLD
to produce
THEIR EQUAL!

We do not profess to have discovered some Roots "known only to the Indians of South America," and a cure for "all diseases which flesh is heir to," but we claim to present to the public a truly valuable preparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

INCIPIENT CONSUMPTION,

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonic, they are

UNSURPASSED!

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors.* They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic,* as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty.* All losses promptly adjusted and paid.

New York Life Insurance Company,
CASH CAPITAL OVER - $1,000,000

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

DAILY GAZETTE.

For the Daily Gazette.
Letters on the Death of Eugene Tuttle.

SHOPIERE, May 26, 1862.

MESSRS. EDITORS:—Enclosed I send you a letter from L. P. Norcross, of the 13th regiment, to Mr. and Mrs. Charles Tuttle, the parents of Eugene Tuttle, of company F, who died at Fort Riley, on the 11th of May, of typhoid fever. The letter will be interesting to many of your readers, not only for the information which it gives of the closing hours of one who was well known and much beloved in this region, where he was born and reared, but also for the proof it gives of the kindness, delicacy, and quick sympathy of its author.

I will only add, to what is contained in the letter, that Eugene Tuttle was born in Clinton, of which town his parents were among the earliest settlers, together with his grandfather, and numerous other relatives. For a little more than four years he has been a member of the Congregational church of Clinton, and so long as he remained among us, his walk was consistent. When he enlisted he was the superintendent of our sabbath school, a member of our choir, and in many respects one of our most useful and reliable young men. Nothing but our deep interest in the fearful struggle forced upon our country reconciled us to what we fondly hoped would only be his temporary absence from among us. How he first passed through the trying ordeal of temptation in the camp, we who saw him not cannot speak. It is enough that he displayed the power of gospel principles for several years, and that when he died, far away from home and kindred, they were his support. Had he lived until the twenty-fifth of next July, he would have been twenty-three years of age.

From his pastor,
W. H. BURNARD.

THIRTEENTH REGIMENT WIS. VOLS.,
FORT RILEY, May 12, 1862.

MR. & MRS. TUTTLE:—I am fully conscious that I am entering within the sacred circle of your deep grief. My only apology is that I witnessed your son Eugene's last sickness, and was a frequent visitor to his dying bed. There are some things I witnessed in reference to his religious experience, that, perhaps, no one else will ever mention to you.

I may add here that I was a class-mate of his at Milton Academy, and have always held him in high esteem. He was, as perhaps you already know, a member of the "Army Church," and at the time of his death, a member of the church council for company F. The council unanimously voted to attend his funeral, which occurred to-day, and at Capt. Stevens' request, we attended to the matter of securing a chaplain, Mr. Tilton, our chaplain, being back with the 150 sick men at Lawrence.

During most of Eugene's sickness he was unconscious and slept a great deal. During one of his lucid intervals I held some intelligible conversation with him. I often went to see him during his sickness, but only one time that I saw him was his mind so that he could converse intelligently. He had, I think, not the remotest idea that death was so near to him until, at the time referred to, we succeeded in acquainting him with the fact that he was dangerously sick. I then asked him if it was the will of his Heavenly Father to take him away, he was willing to go? To which he readily replied in the affirmative. I then asked him, if he trusted alone in the merits of the Lord Jesus? His reply was, "yes, and have for years." Although there was not much energy manifested in his answer, yet, considering his feeble state of mind, I think he expressed a good degree of confidence in hope of an eternal rest through Jesus Christ. Capt. Stevens, I presume, has given you many of the details of his sickness and death; my only object in writing was to refer to what, perhaps, Capt. S. might feel some delicacy in communicating.

You will not thank an entire stranger to intrude within the charmed circle of your great grief, in this hour of hour desolation. But dying away from his home, amidst comparative strangers, I thought I might give you the details of his death so far as they referred to his future life, without transgressing any rules of propriety. He spoke of you with kindness, and wished us to say to you that he could not write to you as he was so weak.

His walk amongst his brethren in the Army Church was, I think, worthy of the high vocation whereunto Christ had called him, and now having passed away from us, and entered within the vail we may believe of him that he has been admitted to the glorious companionship of the redeemed, made perfect through the "Atoning Lamb," and may you and we, his brethren in the Army Church, so live and adorn the doctrine of Christ that when we go over the 'dark river" we may enter upon the same calm, blissful rest, and worship at the feet of the same infinitely blessed Saviour.—Yours in the hope of immortality,

LANSON P. NORCROSS,
Secretary of Army Church.

The Great Eastern brought over a very small cargo, and only few passengers. She is, we understand, to return fully laden with wheat in sacks and bulk, at full rates, which will make a paying trip, if, as is anticipated, a considerable number of excursionists to the world's fair also go out in her.

MORTGAGES FOR SALE.

DR. J. BOVEE DODS'
IMPERIAL WINE
BITTERS,

ARE made from a pure and unadulterated Wine, which is about double the usual strength of other Wines, and is imported by only one house in the United States. Also, from the following valuable Roots, Herbs, &c., viz: Solomon's Seal, Spikenard, Camomile Flowers, Gentian, Wild Cherry Tree Bark, and Bayberry.

WE CHALLENGE
THE WORLD
to produce
THEIR EQUAL!

We do not profess to have discovered some Roots "known only to the Indians of South America," and a cure for "all diseases which flesh is heir to," but we claim to present to the public a truly valuable preparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

INCIPIENT CONSUMPTION,

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonic, they are

UNSURPASSED!

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the poison contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

Official Paper of the City.

Forever float that standard sheet!
Where breathes the foe but falls before us!
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

The Bold and Manly Letter of Gov. Andrew of Massachusetts.

Some complaint is made by rebel sympathisers and "kid glove" republicans against Gov. Andrew of Massachusetts for the language used in his response to the secretary of war. We do not sympathize with these strictures upon the governor; while he did not "hold back" in his efforts to forward troops, and while Massachusetts was the first to respond, it was right and *proper* that the war department should know from the governor that the people do not approve of the half way methods which have been used to put down the rebellion.

The atrocious rebel barburities committed upon prisoners, and upon our wounded in the field, have become so common as to create no surprise. Every battle and skirmish furnish instances of them; the use of false flags of truce to deceive and destroy our soldiers, are every day occurrences, and the hoisting of black flags and the cry of "*no quarter*" was heard at Front Royal, just as the governor was writing his letter; every where comes to us, in official reports and in the private correspondence of our volunteers, the same story of fiendish outrage upon all who acknowledge allegiance to the Union. While this is being done, and repeated in every aggravated form that the human fiends who oppose us can invent, "the magazines of the enemy must not be fired upon," the property of the devils incarnate must be protected by Union guards stationed at their doors, and their slaves sent back to them under guard, or kept for them by a strained construction of the constitution and the laws, so that when these dear *friends* of ours have made up their minds that they have slain, poisoned and hung a sufficient number of our brethren, they can be welcomed back into a Union "reconstructed" for their protection.

This is what is done, and it is asked that no word of remonstrance shall be used. For our part we believe it is time, *high time*, that the administration should hear what loyal people are thinking, all over the country. It is not confined to Massachusetts, but the complaint of too much lenity, too long forbearance, comes to us from the oppresred Union men of the south, as well as from the friends of our butchered soldiers in the field, murdered under lying pretenses, while appeals are being made to their humanity by a treacherous foe.

These things are *felt* throughout the land, and the attempted repression of the indignation of the people, by the efforts of partizans telling us that Gov. Andrew was unpatriotic in what he said, when the people know in their hearts that he boldly spoke the truth, only intensifies but does not calm the popular mind.

Military Movements.

The Madison Journal states that Major Kenzie, U. S. paymaster, was expected yesterday afternoon to pay off the 19th regiment to the 1st of May, and that unless present orders are countermanded, the regment will all leave for Washinbton within a few days.

It was supposed that definite arrangements had been made for the removal of the prisoners in Camp Randall to Chicago, but the last information makes it doubtful whether the arrangement for the transfer of prisoners, and the relief of the 19th regiment, can be perfected as soon as was hoped; and indeed, the removal of the prisoners at all is rendered doubtful, on account of lack of room at Chicago.

HUNTER'S PROCLAMATION.—The Washington correspondent of the New York Evening Post says:

"The proclamation of the President took most of his party friends by surprise. They knew that he would modify Hunter's order in some way; but were not expecting the proclamation. It can do no harm and work no injustice to any one to state that *a large majority of Republicans were in favor of letting Hunter's order alone*—if good for nothing to fall to the ground with its own weight; if valid, to have its full effect."

An army correspondent of the same paper confirms the telegraphic report that a majority of McClellan's army approve and endorse the proclamation of General Hunter. The men in the ranks are not disposed to become negro hunters, even if their officers like the business.

THE 20TH REGIMENT—APPOINTMENTS.—The 20th regiment will rendezvous at Milwaukee, being the only camp now in readiness for immediate use.

H. V. Morris, of Dodge county, who has been the drill-master at Camp Douglas, Chicago, for six successive Illinois regiments, is commissioned as Adjutant.

Mr. J. A. Douglass, late Quartermaster at Racine, is commissioned as Quartermaster for the 20th, and both officers proceed immediately to Milwaukee.

THE COLONELCY OF THE 20TH.—It is reported that Lieutenant Col. Bertine Pinckney of the 3d regiment, has had an offer of the colonelcy of the 20th regiment telegraphed to him.

Correspondence of the Janesville Daily Gazette.

From the First Regiment.

CAMP SCHENCK, Tenn, May 22d, 1862.

DEAR GAZETTE:—I have concluded to write you a short letter, and if you think it worthy you will please give it a place in your paper.

Our regiment is now about five miles from Columbia, Tenn. We have just arrived here, after a march of 240 miles; we have been scouring the country in search of some roving guerilla bands that make it their business to intercept our provision trains. We started on the 9th of the month, at 2 o'clock, and marched that day and all night, and then we commenced to do some tall marching, for we were in hourly expectation of running afoul of some of the rebels; but we saw nothing of them until the fourth day, when we came, rather unexpectedly on our part, on about 200 rebel cavalry who took French leave; but we threw some shells after them, and our cavalry started in hot pursuit. The rebels having the advantages of us by being well posted as to the country we were in, and so they escaped. We continued on our course to Rogersville, and when we were within about five miles of that place we heard the booming of artillery, and we made all the speed we could to get to the scene of action.—When we arrived in town we heard that Gen. Negley was down to the river, about two miles from there, throwing shells across at the rebels, where he had driven them. Here we took 15 prisoners and killed several; after silencing their guns, and it being now quite dark, we put out our pickets and camp guard and retired for the night, glad to lay in the open air to rest our weary limbs, for on the morrow we must march 30 miles and destroy a ferry on the Tennessee River. In the morning we were all ready to start, with the expectation of having a turn with the cotton boys before night, but the day passed off without anything transpiring worthy of note, except the capture of a few straggling cavalry. A little before sundown we arrived at Bainbridge Ferry, where we saw a number of rebels on the opposite side; threw a few shells into them and they vamoused instanter. After we threw nine shells our colonel picked three men from company B and one from company A and sent them over the river to bring over two ferryboats. This was quite a daring feat, but some of our Wisconsin boys do not know fear. I will give you the names of the boys that brought the boats over and destroyed them, but it was a laborious task to get them over. The men were Peter Greely of company A, Napoleon Kings, Bazil Champagne and John Bazner of company B, 1st Wisconsin regiment.

The next day we spent part of the time in scouring the country, and part of the time in snoozing under the trees, and the next day after we went into Florence, Ala., and stayed all day. We took possession of the telegraph office and court house for our quarters during the night, and the next morning started back to Columbia and arrived here two days ago, after a march such as no other brigade has made since the commencement of the war, and what is more we lost not a man. One man had two fingers shot off and his horse killed; but it is time now for the lights to be put out and I must close by signing myself,

Yours, &c., HAMILTON ANDERSON,
Co. B, 1st Reg't Wis. Vols. Negley's Brigade.

THE RIOT AT BALTIMORE.—The riot at Baltimore on Saturday was occasioned by the "open rejoicing of the disloyal" population of that city, over the defeat of Col. Kenly's regiment at Front Royal. This regiment was recruited in Baltimore, and it is not surprising, when taunted by the secessionists, that the relatives and acquaintences of the butchered men, should become so exasperated as to take the law into their own hands and punish their vindicitive enemies. The Baltimore American says it would rather have seen the punishment of the disloyalty in that city inflicted by the agents of the government; but that has not been done, "although disloyalty and treason has constantly and openly manifested itself here." Well, if the government wont do it, it is not all surprising, under the circumstances, that the people should.

☞ The message of the president, published yesterday, explains itself. The house had condemned Mr. Cameron for employing agents and expending money without authority of law. It is a sufficient excuse for this that the government and the capital of the nation was in danger, and there was no time to call congress together to make appropriations or otherwise go through with the forms of law. The president and the cabinet, and not Mr. Cameron alone, took the responsibility. They did right, and the people will approve their acts.

While the people so approve of acts done through necessity, although not strictly legal, they are not able to see why the administration should be sustained for *their* acts of this nature, while Gen. Fremont was condemned for doing precisely the same thing under similar circumstances in the western department.

OFFICERS' PAY.—A dispatch from the war department, received by Gov. Salomon, states that the federal government will only agree to pay the officers of the new regiment called for from this state from the commencement of their work, in case the regiment is raised to minimum in thirty days.

A NOBLE WOMAN.—Mrs. General W. H. L. Wallace, of Ottawa, went up to Pittsburg on one of the first boats after the battle, having heard that her husband was wounded. When she arrived she found him already dead. For a brief season she yielded to the grief of her bereaved soul, and wept over her dead, refusing to be comforted. But when she saw all round on the boat the men who had fought and fallen with him there yet alive, in pain and thirst, with none to help them, she turned from her dead to the living, and all night long went from man to man, with water and words of comfort and the holy succor that must come out of such an inspiration in such a place. Many incidents of nobleness and unselfishness have come to our knowledge during the progress of this war, but no one has touched us more tenderly, or excited more deeply our admiration, than this.—*New Covenant.*

Last Night's Report.

WASHINGTON, May 28.

Special to the Post.—The new treaty with Mexico has just been received here. Its terms do not meet the views of the government, and it will undoubtedly be rejected by the Senate when it is submitted.

Washington is perfectly quiet. It is understood that the government has satisfactory advices from several important points where our forces are operating. It is certain that everything thus far goes well. The government entertains expectations that in pursuance of plans laid out before the retreat of General Banks, and which are now carrying out, the rebel forces who ventured up the valley of the Shenandoah will be captured.

It is considered certain here by the friends of the measure, and those who have taken most pains to inform themselves of the opinions of members, that the bankrupt bill will pass.

CINCINNATI, May 28th.

A special to the Gazette from Indianapolis says: that an officer who left Corinth, Monday morning reports that the army moved up to within three-fourths of a mile of the enemy's fortifications on Sunday night, and are entrenching. General Halleck says his position will not warrant risking anything, hence his moving by regular approaches and fortifying as he goes. It was expected that our forces would open on the enemy by Thursday. Gen Lovell is reported as having arrived at Corinth Sunday night, with 7000 raw troops. Deserters say that the army has more confidence in Bragg and Price than Beauregard.—The rebel army are on half rations. They get fresh beef twice a week, and spoiled corn the balance of the time. No pork. Sickness in their army is feartul and increasing, while ours is rapidly improving. The officers have sent all their baggage and personal effects to Grand Junction.

D. C. Stoner the stock swindler, leaves Indianapolis to day, with a guard for New York. He is not very communicative—says he used all the blanks he had, and cannot tell without examining the books, how much spurious stock has been issued.

A number of companies of the Indiana Legion were arriving at Indianapolis to guard prisoners. The 60th Indiana regiment is under marching orders, and the 12th and 16th Indiana regiments will reorganize immediately.

CAIRO, May 28.

The following explains itself:

HEADQUARTERS DISTRICT OF CAIRO,
CAIRO, Ill., May 27.

[Special Orders No. 263.]

Hereafter all persons will be required to procure from the provost marshal a permit before leaving the city of Cairo, either by steamboat or railroad. Any violation of this order will subject the offender to arrest.

W. K. STRONG,
Brigadier General, Commanding.

Cairo has been infested for months past with a horde of rebel spies and sympathizers, who have been bold in proclaiming their opinions, to the disgust of every loyal man.

ST. LOUIS, May 28.

The following dispatch has been received by the Republican this afternoon from Cairo:

The Musselman arrived this afternoon from the fleet, and reports that the status of the flotilla remains unchanged. There was considerable of a scare from the anticipated attack of the rebels, but up to the time she left no enemy had appeared.

It was reported that a rebel battery was in process of construction on Craighead Point. The report comes from a source entitled to consideration, and appears extremely probable.

Troubles are breaking out afresh in Western Tennessee, between the country bounded by the Obion and Tennessee rivers. A force of considerable magnitude is being assembled, variously estimated at from one to five thousand men, consisting of cavalry, infantry and artillery. When last heard from, they were at Trenton, with the avowed intention of marching on Huron City and Hickman, Kentucky. Union men from Weakly and Obion counties were, at last accounts, coming into the latter city for protection, and adding to the prevailing excitement.

Four or five hundred Confederate cavalry are said to be stationed near the mouth of the Obion river, awaiting the draining of the swamps in that region to plant a battery, to prevent the passage of transports. I have this from a resident of that county, who visited the rebel camp. The information was given to Gen. Strong this morning.

A prisoner on his parolé—one of those captured at Fort Jackson—arrived from New Orleans this morning, which city he left on the 18th inst. He denies the report previously published of the junction of Gen. Lovell's troops with those of Beauregard at Corinth. They were located at Camp Moore, Jackson, Miss., whence bodies have been sent into Tennessee and other portions of the Confederacy to gather forage and provisions for the army at Corinth and to cause the return of deserters.

When near Vicksburg it was reported an engagement was in progress with the gunboats, that large reinforcements were being sent to the river, that the batteries were very strong, and that the Confederates were confident of driving the fleet back to the Gulf.

Interesting details have come to hand of the rebel evacuation of Pensacola after setting fire to the public buildings. They were prevented from burning everything up by a vigorous bombardment from Fort Pickens. The extensive workshops of the navy yard were destroyed, Fort McRae and the hospital were in ruins, but Fort Barancas is little hurt, the light house only slightly injured, and the splendid granite dock is unhurt. Two or three steamers were also destroyed by the rebels. General Butler would have joined the garrison of Fort Pickens in an attack upon the town before its evacuation, had he not been called away to prepare for the New Orleans expedition. The citizens of Pensacola generally warmly welcomed our troops when the latter visited it at the departure of the rebels.

WASHINGTON, May 28th.

The President has appointed and Senate confirmed John A. Hendrick collector of the port of Beaufort, North Carolina.

PHILADELPHIA, May 28th.

Hon. Thomas A. Scott, assistant secretary of war, has arrived here direct from Gen. Halleck's army before Corinth, having left them last Friday. Our army is in excellent condition occupying a strong position, and ready for the great struggle. A battle may be expected within the next 10 days.

CHICAGO, May 28th.

Dispatches from Fort Wright state that the enemy is believed to have been largely reinforced during the last three days. Two transports are known to have arrived from Memphis, bringing two regiments of infantry and three batteries of artillery. A part of this force was landed at Randolph while the remainder occupy the Arkansas shore, nearly opposite Island 33, where they are reported engaged in erecting batteries.—Deserters and refugees continue to arrive at the fleet. Several who have just arrived bring reports that the enemy are about to assail the flotilla. Refugees from Memphis, Sunday, say that the rumor current in that city that 10 federal steamers had reached White river is correct, at the mouth of which they had established a blockade.—The steamers were thus cut off from their last avenue of escape. A short time before steamer left the fleet, the mortars which had been silent for some days, again opened fire on the fort.

[Special dispatch to the Chicago Tribune.]

WASHINGTON, May 28.

Mr. Corwin's new treaty with Mexico stipulates that the United States shall loan the Mexican government eleven millions, in twenty years six per cent bonds, taking as security a lien upon church property and other public lands in Mexico. A commission, consisting of one Mexican and one American citizen, to be appointed to sell a sufficient portion of property to reimburse the United States within five years. The negotiation was undertaken with the knowledge of the British minister, and with the understanding that the United States bonds would be accepted by his government in part payment of the debt due British subjects from Mexico. It is doubtful whether the senate, which rejected a previous treaty, will ratify this.

Long Bridge is again impassable, an engine having broken through the frail supports of the draw. The recent work of the Virginia end of the bridge is said to be entirely unfitted to bear burdens of engines and trains. Many vessels are blockaded by the break, as well as trains that supply the troops at the south.

After an hour consumed in dilatory motions, necessitated by the absence of three republicans, the House refused to lay on the table the motion to reconsider the rejection of the emancipation bill by a vote of seventy-three to sixty-nine. The only changes were Dawes and Porter. Six members, including Mitchell and Leary, who voted for rejection, sat silent. Most of the absentees had paired. A motion to reconsider was postponed till Wednesday, and probably will have to be recommitted.

The senate bill charging direct taxes on lands in rebel states and selling in default of payment, a good confiscation measure, as far as it goes, passed the house by a vote of three to one.

After Sigel's speech last night, Carl Schurz, Lovejoy and Washburne spoke to a great concourse, many of whom were Germans, and greatly applauded.

On the floor of both houses, to-day, he was introduced to most of the representatives by Messrs. Arnold, Blair and Colfax. While in the senate he was sent for by the President. It is hoped on all hands he will have a situation and sufficient command.

Contracts were awarded by Col. Rucker, quartermaster, to-day, for 500 cavalry horses in Ohio, Indiana and Washington.—Bidders at from $104 to $107 in parcels of 50 and 100. O. H. Moore, Carrolton, Ohio, and Lewis Sargeant, of New Philadelphia, Ohio, were the lowest contractors. Fifty artillery horses were awarded to O. H. Moore at $108; 150 more at prices varying from $108.99 to $109.50.

Mr. Wade has reported back from the senate committee on territories the bill making the oath of loyality, past, present and future, a requisite to due process for the recovery of fugitive slaves, punishing kidnapping of colored persons from the District of Columbia, and permitting negro testimony.

A board of three medical officers, to examine applicants, who must be between 25 and 40 years old; must present sufficient evidence of physical ability and general character and business qualification. Examinations will be made in the ordinary English branches, pharmacy and materia medica. The relative merit is to be reported and appointments regulated by the report.

A military commission has been ordered by the president for the trial of editors and correspondents violating the regulations from the war office for the government of the press.

The senate will probably vote to tax slaves but whether more than five dollars annually is doubtful. A tax of a quarter of a cent in all such cases may yet be imposed on cotton and the tax on manufactures diminished.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DESPATCHES.

WASHINGTON, May 28.

General McClellan telegraphs to the secretary of war that the battle at Hanover Court House resulted in a complete rout of the enemy. It is stated that we have taken 500 prisoners. The loss of the enemy is set down at 1000. Our men buried 100 of their dead. Our loss is 375 in killed, wounded and missing, of which 53 were killed. The forces opposed to us were principally from North Carolina and Georgia. Prisoners from North Carolina say they are very tired of the war, and that their defeat will have a very demoralizing effect on the rebel army.

Information from General Halleck's command, dated yesterday, indicates that no engagement had taken place.

No further particulars of General Banks' affair have been received.

PROVIDENCE, May 23.

Gov. William Sprague was, to-day, elected United States Senator for six years from the 4th of March next, when the term of Senator Simmons expires. He received 92 votes out of 103. There was no regular nomination in opposition.

BALTIMORE, May 23.

Eugene Van Ness, paymaster in the U. S. A., died to-day in this city. He had been in the army 23 years.

NEW YORK, May 23.

Several letters have been received from New Orleans, from rebel sources, pretending to give accounts of the defeat of Halleck; also that Butler robbed the Dutch consulate of $800,000 deposited there by an agent of the the banker Hope, and that all the consuls made a unanimous protest against it; that Farragut and Porter are afraid to land at New Orleans on account of the mobs; all of which and other foolish statements were eagerly printed by the Diaro Marina, which refused to correct the statements although proved to be false.

The last direct accounts of May 3d place the French forces 12 miles from Puebla with 15,000 Mexicans ready to give battle.

Several vessels have sailed from Havana for New Orleans and more are advertised, including two Spanish steamers. Two rebel schooners with cotton have arrived. The British steamer Edward Hawkins arrived with a cargo of cotton from Metamoras, and sailed for Liverpool.

NEW YORK, May 29.

A special dispatch to the New York Herald, dated Nashville, May 25th, says:—Generals Mitchell and Negley arrived here to-night. They report everything quiet at Huntsville, Alabama, and the Union feeling increasing. J. E. Clemens and Judge McClean and family are among the prominent Unionists. General Mitchell speaks of his position in Alabama as permanent.

From the Petersburg Express, May 22d.

AUGUSTA, May 21.

The Charleston papers of this morning state that four federal vessels shelled Coles Gate and Kiawah Island, yesterday morning. The confederates retired after burning their quarters, &c. Coles Island is 12 or 15 miles from Charleston.

WASHINGTON, May 28.

Herald's dispatch.—The overland mail company will resume the transportation of letters in 15 days. Papers and documents will go via Panama, under an arrangement with Vanderbilt.

NEW BRIDGE, CHICKAHOMINY, Va.,
Monday Eve., May 26.

Times' dispatch.—Within the past three days the disposition of the whole rebel army before Richmond seems to have been changed. Instead of the rebels retreating with all their supplies and camp equipage towards the city they are coming from it, and are evidently determined to make a stand between it and the Chickahominy River. It was ascertained, beyond a doubt, that five days ago, but a small force of the enemy, say 6,000 men, occupied the ground between us and Richmond. It was then supposed that our march into the city would be easy and rapid, and that an opportunity would soon be given the Union citizens of that place to demonstrate their delight at being liberated from the secession yoke, but now the aspect is completely changed, and numerous indications favor the belief that our onward progress to Richmond is to be hotly disputed by the larger part of the rebel army. Every hour troops are pouring out of Richmond and dispersing themselves along the line of Chickahominy, being at some points only half a mile from it.

A deserter, just arrived from a Georgia regiment, states that between Richmond and Mechanicsville, and about one and a half miles from the latter place, three Georgia regiments have encamped since morning. He says that Beauregard arrived in Richmond last Thursday and that a most vigorous attempt will be made to save the city.

Last night our gun boats on James river threw a few shells into the rebel batteries, but with what effect we did not learn.

Yesterday, hand cars were running from West Point to the Chickahominy River.—This new facility for getting supplies, guns and ammunition to the army can be readily appreciated. A deserter who came in this forenoon, reports the main body of the confederate army on the north side of the railroad. The brigade of Tennessee troops to which he belongs are doing picket duty on this side. The rebels claim 150,000 men, but 80,000 he asserts will cover their entire force. Much dissatisfaction exists among them, on account of the conscription act, and many would be glad to lay down their arms, did not pride forbid. The leaders are determined to make a stand having chosen a position near Richmond for this purpose.

NEW YORK, May 29.

The steamer Manasas brings New Orleans mails and papers to the 18th.

A communication from Jacob Barker argues against the destruction of cotton, also says if our brave soldiers did not win a satisfactory peace we must fall back on the ballot box, and suggests an amendment of the constitution so as to allow the people to vote directly for President.

An order from Provost Marshal French, says all coffee houses, bar-rooms, hotels, gaming and billiard saloons, must procure licenses immediately under penalty of confiscation.

General Butler ordered the circulation of confederate notes and bills to cease on the 27th, all sales or transfers of property, on and after that day, in consideration of such notes or bills, will be void, and the property confiscated to the United States, one-fourth to the informer. Another order suppresses the Bee for an article in favor of the cotton burning mob. The office of the Delta was taken possession of for an article discussing the cotton question, in violation of Butler's proclamation of the 1st. Its business will be conducted by United States authorities. Adams' Express office has opened. Thos. U. Lester is announced as a Union candidate for recorder in the 4th district. Victor Schultz is announced as a candidate for mayor, irrespective of party. Six persons are sentenced to be shot for violation of parole given at Fort Jackson, in organizing military for service in the rebel army. The steamer Fox had arrived from Havana; also prize steamer Gov. Morton from Sabine. John M. G. Parker, formerly at Ship Island, is postmaster at New Orleans.—Some cotton had arrived from Palaquemine, and a quantity of provisions from the interior.

AFTERNOON DESPATCHES.

NEW YORK, May 29.

Flour receipts 15966 bbls, market 5c better with sales of 90000 bbls. 425a110 superfine western 455a475 common to medium extra western.

Wheat receipts 170,605—bushel market 1c lower. Active demands for spring sales 20,000 bushels 90c a 95 Chicago spring—96 a 102 Milwaukee club.

NEW YORK, 29.

A New Orleans papers says General Butler forbids the observance of Jeff. Davis' day of fasting and prayer. He had also issued the order about women, previously reported via. Corinth. The Crescent is suppressed; strict health regulations are established and quarantine.

A municipal regulation of the city of New Orleans punishes with imprisonment in the calaboose, any woman of the town found in the streets after nightfall, or who may converse from the windows of their houses with persons outside. This is doubtless the punishment accorded to women who may insult our soldiers under the recent proclamation of Gen. Butler.

FORT MONROE, May 29, via Baltimore, 29.

The steamer Massachusetts, which left Sunday A. M. for City Point with a flag of truce, returned early this morning. The boat took up Col. Hanson of Kentucky who was expected to be exchanged for Colonel Corcoran, and also Capt. Robertson, of Virginia, Lieut. W. Blake, a private, a lady and Mr. Lowe, of Kentucky. The boat arrived at City Point on Sunday evening. Gen. Wool's communications were delivered, and on Tuesday answer was received from Gen. Huger. Col. Corcoran and the other prisoners not having been delivered up, Col. Hanson and the other officers were brought back. Col. Hauson is very severe upon Gen. Huger for his failure to fulfil his promise.

Our gunboat fleet still remain 15 or 20 miles below City Point. Nothing has recently been done beyond a reconnoisance a short distance up the Appomatax. A squad of the rebels cavalry was seen on the bank, but a few shells dispersed them. No troops or citizens are left at City Point.

A steamer arrived from Hatteras, this morning. No news of interest. There is no truth in the report of General Burnside's occupation of Raleigh. The Union prisoners at Salsbury are on their way to New York, having been released and delivered to General Burnside at Washington, North Carolina.

The Norfolk Day Book, which was suspended yesterday morning, reappeared in the afternoon. The restrictions have been removed. In consequence of the frequent violation of the orders prohibiting trade with Norfolk and Portsmouth, a new and more stringent order was, to-day, issued as follows:

HEADQUARTERS DEPARTMENT OF VA., May 28.

No goods of any kind will hereafter be transported by express companies to Norfolk, Portsmouth or Gosport, except by permission of the commanding general, and then only after invoices of the articles have been furnished with the names of those to whom they belong, and where they are to be delivered. Hereafter no vessels, not employed by the army or navy, will be allowed to go to Norfolk, Portsmouth or Gosport, or any other place on either side of the Roads, not occupied by the United States troops, except by authority of the commanding general. Any violation of this order will subject the vessel and property to seizure and confiscation, and the persons who may be the cause either directly or indirectly, will be severely punished. By command of Maj. Gen. Wool.

Quite a disturbance took place in Norfolk last night. It is said to have been occasioned by a negro shooting a corporal named John Burke, Co. C, 99th New York regiment. The disturbance became general, and the greater part of the company was engaged. Three negroes were killed and two or three wounded. Six of the ringleaders were sent to the river, many others were arrested but released; all is quiet now.

WASHINGTON, May 29.

Recently John Dean, Esq., presented to the circuit court the petition of Dan Breed for a writ of habeas corpus to Marshal Lamon, for the discharge of a colored man claimed by a citizen of Maryland as a slave, on the ground that said alleged fugitive slave is illegally detained, and restraint and imprisonment are not authorized by the fugitive slave law of 1850; in other words that law does not apply to the District of Columbia. Mr. Dean, to-day, continued his argument to show the writ could not be refused. The court had previously intimated they would not grant the prayer, and to day said an appeal could be taken to the supreme court of the United States, on the refusal, just as well as upon the writ. Further argument will be heard to-morrow. The fugitive slave law continues to be enforced. During this month about 50 slaves have been returned to their claimants.

NINETEENTH REGIMENT.—This regiment, under command of Col. Sanders, now numbers 851 rank and file, making, with the staff and line officers, a body of nearly 900 men. The regiment is eager to be off for the wars.

REBEL PRISONERS.—Up to May 27th, there were 112 deaths in Camp Randall among the rebel prisoners. The number left is 1036, 135 of whom are more less sick, in barracks, and 83 are in the hospital.

A Slight Cold, Cough, Hoarseness or Sore Throat, which might be checked with a simple remedy, if neglected, often terminates seriously. Few are aware of the importance of stopping a Cough or Slight Cold in its first stage; that which in the beginning would yield to a mild remedy, if not attended to, soon attacks the lungs. Brown's Bronchial Troches were first introduced eleven years ago. It has been proved that they are the best article before the public for Coughs, Colds, Bronchitis, Asthma, Catarrh, the Hacking Cough in Consumption, and numerous affections of the Throat, giving immediate relief.

The Mutual Life Insurance Company
OF THE
STATE OF WISCONSIN.

Presents advantages in all respects equal, and in some superior, to those of other companies doing business in the northwest. Its rates, its plan of operations, and its basis, are identical with the best companies in this country and Europe. Its age, and consequently its accumulations, are not equal to theirs *in amount*, but in proportion to the age of risks, and amount at risk, they will compare favorably with the most successful.

Its assets, which have resulted solely from the accumulations of three years, amount to **$86,881.20,** and its annual income, from policies now in force, over **$65,000.**

Its assets and business are constantly increasing. Its losses have been promptly paid. Its trustees are well known, honorable business men, and are as capable of managing an institution of this kind, as men in any other portion of the United States. The experience of the company thus far proves that we can have as reliable companies in the west as any where else, if we will, *and self-interest certainly indicates that we should have them, and build up home interests in every practicable way.* In the above respects, this company claims equality with its co-workers, and in the following superiority: It obtains the greater portion of its business in the healthiest portion of the United States, thus having the advantage of a less per centage of loss; it receives higher rates of interest on its investments, thus making more rapid accumulations—both very important items in Life Insurance; *and its expenses have been less* in proportion to its business than any other new company *doing business in the United States.*

Official Paper of the City.

Forever float that standard sheet!
Where breathes the foe but falls before us!
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

The Bold and Manly Letter of Gov. Andrew of Massachusetts.

Some complaint is made by rebel sympathisers and "kid glove" republicans against Gov. Andrew of Massachusetts for the language used in his response to the secretary of war. We do not sympathize with these strictures upon the governor; while he did not "hold back" in his efforts to forward troops, and while Massachusetts was the first to respond, it was right and proper that the war department should know from the governor that the people do not approve of the half way methods which have been used to put down the rebellion.

The atrocious rebel barbarities committed upon prisoners, and upon our wounded in the field, have become so common as to create no surprise. Every battle and skirmish furnish instances of them; the use of false flags of truce to deceive and destroy our soldiers, are every day occurrences, and the hoisting of black flags and the cry of "*no quarter*" was heard at Front Royal, just as the governor was writing his letter; every where comes to us, in official reports and in the private correspondence of our volunteers, the same story of fiendish outrage upon all who acknowledge allegiance to the Union. While this is being done, and repeated in every aggravated form that the human fiends who oppose us can invent, "the magazines of the enemy must not be fired upon," the property of the devils incarnate must be protected by Union guards stationed at their doors, and their slaves sent back to them under guard, or kept for them by a strained construction of the constitution and the laws, so that when these dear *friends* of ours have made up their minds that they have slain, poisoned and hung a sufficient number of our brethren, they can be welcomed back into a Union "reconstructed" for their protection.

This is what is done, and it is asked that no word of remonstrance shall be used. For our part we believe it is time, *high time*, that the administration should hear what loyal people are thinking, all over the country. It is not confined to Massachusetts, but the complaint of too much lenity, too long forbearance, comes to us from the oppressed Union men of the south, as well as from the friends of our butchered soldiers in the field, murdered under lying pretenses, while appeals are being made to their humanity by a treacherous foe.

These things are *felt* throughout the land, and the attempted repression of the indignation of the people, by the efforts of partizans telling us that Gov. Andrew was unpatriotic in what he said, when the people know in their hearts that he boldly spoke the truth, only intensifies but does not calm the popular mind.

Military Movements.

The Madison Journal states that Major Kenzie, U. S. paymaster, was expected yesterday afternoon to pay off the 19th regiment to the 1st of May, and that unless present orders are countermanded, the regiment will all leave for Washinbton within a few days.

It was supposed that definite arrangements had been made for the removal of the prisoners in Camp Randall to Chicago, but the last information makes it doubtful whether the arrangement for the transfer of prisoners, and the relief of the 19th regiment, can be perfected as soon as was hoped; and indeed, the removal of the prisoners at all is rendered doubtful, on account of lack of room at Chicago.

HUNTER'S PROCLAMATION.—The Washington correspondent of the New York Evening Post says:

"The proclamation of the President took most of his party friends by surprise. They knew that he would modify Hunter's order in some way; but were not expecting the proclamation. It can do no harm and work no injustice to any one to state that *a large majority of Republicans were in favor of letting Hunter's order alone*—if good for nothing to fall to the ground with its own weight; if valid, to have its full effect."

An army correspondent of the same paper confirms the telegraphic report that a majority of McClellan's army approve and endorse the proclamation of General Hunter. The men in the ranks are not disposed to become negro hunters, even if their officers like the business.

THE 20TH REGIMENT—APPOINTMENTS.—The 20th regiment will rendezvous at Milwaukee, being the only camp now in readiness for immediate use.

H. V. Morris, of Dodge county, who has been the drill-master at Camp Douglas, Chicago, for six successive Illinois regiments, is commissioned as Adjutant.

Mr. J. A. Douglass, late Quartermaster at Racine, is commissioned as Quartermaster for the 20th, and both officers proceed immediately to Milwaukee.

THE COLONELCY OF THE 20TH.—It is reported that Lieutenant Col. Bertine Pinckney of the 3d regiment, has had an offer of the colonelcy of the 20th regiment telegraphed to him.

Correspondence of the Janesville Daily Gazette.

From the First Regiment.

CAMP SCRIBNER, Tenn., May 22d, 1862.

DEAR GAZETTE:—I have concluded to write you a short letter, and if you think it worthy you will please give it a place in your paper.

Our regiment is now about five miles from Columbia, Tenn. We have just arrived here, after a march of 240 miles; we have been scouring the country in search of some roving guerilla bands that make it their business to intercept our provision trains. We started on the 9th of the month, at 2 o'clock, and marched that day and all night, and then we commenced to do some tall marching, for we were in hourly expectation of running afoul of some of the rebels; but we saw nothing of them until the fourth day, when we came, rather unexpectedly on our part, on about 200 rebel cavalry who took French leave; but we threw some shells after them, and our cavalry started in hot pursuit. The rebels having the advantages of us by being well posted as to the country we were in, and so they escaped. We continued on our course to Rogersville, and when we were within about five miles of that place we heard the booming of artillery, and we made all the speed we could to get to the scene of action.—When we arrived in town we heard that Gen. Negley was down to the river, about two miles from there, throwing shells across at the rebels, where he had driven them. Here we took 15 prisoners and killed several; after silencing their guns, and it being now quite dark, we put out our pickets and camp guard and retired for the night, glad to lay in the open air to rest our weary limbs, for on the morrow we must march 30 miles and destroy a ferry on the Tennessee River. In the morning we were all ready to start, with the expectation of having a turn with the cotton boys before night, but the day passed off without anything transpiring worthy of note, except the capture of a few straggling cavalry. A little before sundown we arrived at Bainbridge Ferry, where we saw a number of rebels on the opposite side; threw a few shells into them and they vamoosed instanter. After we threw nine shells our colonel picked three men from company B and one from company A and sent them over the river to bring over two ferryboats. This was quite a daring feat, but some of our Wisconsin boys do not know fear. I will give you the names of the boys that brought the boats over and destroyed them, but it was a laborious task to get them over. The men were Peter Greely of company A, Napoleon Kings, Bazil Champagne and John Bazner of company B, 1st Wisconsin regiment.

The next day we spent part of the time in scouring the country, and part of the time in snoozing under the trees, and the next day after we went into Florence, Ala., and stayed all day. We took possession of the telegraph office and court house for our quarters during the night, and the next morning started back to Columbia and arrived here two days ago, after a march such as no other brigade has made since the commencement of the war, and what is more we lost not a man. One man had two fingers shot off and his horse killed; but it is time now for the lights to be put out and I must close by signing myself,

Yours, &c., HAMILTON ANDERSON,
Co. B, 1st Reg't Wis. Vols. Negley's Brigade.

THE RIOT AT BALTIMORE.—The riot at Baltimore on Saturday was occasioned by the "open rejoicing of the disloyal" population of that city, over the defeat of Col. Kenly's regiment at Front Royal. This regiment was recruited in Baltimore, and it is not surprising, when taunted by the secessionists, that the relatives and acquaintences of the butchered men, should become so exasperated as to take the law into their own hands and punish their vindicitive enemies. The Baltimore American says it would rather have seen the punishment of the disloyalty in that city inflicted by the agents of the government; but that has not been done, "although disloyalty and treason has constantly and openly manifested itself here." Well, if the government wont do it, it is not all surprising, under the circumstances, that the people should.

☞ The message of the president, published yesterday, explains itself. The house had condemned Mr. Cameron for employing agents and expending money without authority of law. It is a sufficient excuse for this that the goverament and the capital of the nation was in danger, and there was no time to call congress together to make appropriations or otherwise go through with the forms of law. The president and the cabinet, and not Mr. Cameron alone, took the responsibility. They did right, and the people will approve their acts.

While the people so approve of acts done through necessity, although not strictly legal, they are not able to see why the administration should be sustained for *their* acts of this nature, while Gen. Fremont was condemned for doing precisely the same thing under similar circumstances in the western department.

OFFICERS' PAY.—A dispatch from the war department, received by Gov. Salomon, states that the federal government will only agree to pay the officers of the new regiment called for from this state from the commencement of their work, in case the regiment is raised to minimum in thirty days.

A NOBLE WOMAN.—Mrs. General W. H. L. Wallace, of Ottawa, went up to Pittsburg on one of the first boats after the battle, having heard that her husband was wounded. When she arrived she found him already dead. For a brief season she yielded to the grief of her bereaved soul, and wept over her dead, refusing to be comforted. But when she saw all round on the boat the men who had fought and fallen with him there yet alive, in pain and thirst, with none to help them, she turned from her dead to the living, and all night long went from man to man, with water and words of comfort and the holy succor that must come out of such an inspiration in such a place. Many incidents of nobleness and unselfishness have come to our knowledge during the progress of this war, but no one has touched us more tenderly, or excited more deeply our admiration, than this.—*New Covenant.*

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE,

Last Night's Report.

WASHINGTON, May 28.

Special to the Post.—The new treaty with Mexico has just been received here. Its terms do not meet the views of the government, and it will undoubtedly be rejected by the Senate when it is submitted.

Washington is perfectly quiet. It is understood that the government has satisfactory advices from several important points where our forces are operating. It is certain that everything thus far goes well. The government entertains expectations that in pursuance of plans laid out before the retreat of General Banks, and which are now carrying out, the rebel forces who ventured up the valley of the Shenandoah will be captured.

It is considered certain here by the friends of the measure, and those who have taken most pains to inform themselves of the opinions of members, that the bankrupt bill will pass.

CINCINNATI, May 28th.

A special to the Gazette from Indianapolis says: that an officer who left Corinth, Monday morning reports that the army moved up to within three-fourths of a mile of the enemy's fortifications on Sunday night, and are entrenching. General Halleck says his position will not warrant risking anything, hence his moving by regular approaches and fortifying as he goes. It was expected that our forces would open on the enemy by Thursday. Gen Lovell is reported as having arrived at Corinth Sunday night, with 7000 raw troops. Deserters say that the army has more confidence in Bragg and Price than Beauregard.—The rebel army are on half rations. They get fresh beef twice a week, and spoiled corn the balance of the time. No pork. Sickness in their army is fearful and increasing, while ours is rapidly improving. The officers have sent all their baggage and personal effects to Grand Junction.

D. C. Stoner the stock swindler, leaves Indianapolis to day, with a guard for New York. He is not very communicative—says he used all the blanks he had, and cannot tell without examining the books, how much spurious stock has been issued.

A number of companies of the Indiana Legion were arriving at Indianapolis to guard prisoners. The 60th Indiana regiment is under marching orders, and the 12th and 16th Indiana regiments will reorganize immediately.

CAIRO, May 28.

The following explains itself:

HEADQUARTERS DISTRICT OF CAIRO,
CAIRO, Ill., May 27.

[Special Orders No. 263.]

Hereafter all persons will be required to procure from the provost marshal a permit before leaving the city of Cairo, either by steamboat or railroad. Any violation of this order will subject the offender to arrest.

W. K. STRONG,
Brigadier General, Commanding.

Cairo has been infested for months past with a horde of rebel spies and sympathizers, who have been bold in proclaiming their opinions, to the disgust of every loyal man.

ST. LOUIS, May 28.

The following dispatch has been received by the Republican this afternoon from Cairo:

The Musselman arrived this afternoon from the fleet, and reports that the status of the flotilla remains unchanged. There was considerable of a scare from the anticipated attack of the rebels, but up to the time she left no enemy had appeared.

It was reported that a rebel battery was in process of construction on Craighead Point. The report comes from a source entitled to consideration, and appears extremely probable.

Troubles are breaking out afresh in Western Tennessee, between the country bounded by the Obion and Tennessee rivers. A force of considerable magnitude is being assembled, variously estimated at from one to five thousand men, consisting of cavalry, infantry and artillery. When last heard from, they were at Trenton, with the avowed intention of marching on Huron City and Hickman, Kentucky. Union men from Weakly and Obion counties were, at last accounts, coming into the latter city for protection, and adding to the prevailing excitement.

Four or five hundred Confederate cavalry are said to be stationed near the mouth of the Obion river, awaiting the draining of the swamps in that region to plant a battery, to prevent the passage of transports. I have this from a resident of that county, who visited the rebel camp. The information was given to Gen. Strong this morning.

A prisoner on his parole—one of those captured at Fort Jackson—arrived from New Orleans this morning, which city he left on the 18th inst. He denies the report previously published of the junction of Gen. Lovell's troops with those of Beauregard at Corinth. They were located at Camp Moore, Jackson, Miss., whence bodies have been sent into Tennessee and other portions of the Confederacy to gather forage and provisions for the army at Corinth and to cause the return of deserters.

When near Vicksburg it was reported an engagement was in progress with the gunboats, that large reinforcements were being sent to the river, that the batteries were very strong, and that the Confederates were confident of driving the fleet back to the Gulf.

Interesting details have come to hand of the rebel evacuation of Pensacola after setting fire to the public buildings. They were prevented from burning everything up by a vigorous bombardment from Fort Pickens. The extensive workshops of the navy yard were destroyed, Fort McRae and the hospital were in ruins, but Fort Barancas is little hurt, the light house only slightly injured, and the splendid granite dock is unhurt. Two or three steamers were also destroyed by the rebels. General Butler would have joined the garrison of Fort Pickens in an attack upon the town before its evacuation, had he not been called away to prepare for the New Orleans expedition. The citizens of Pensacola generally warmly welcomed our troops when the latter visited it at the departure of the rebels.

WASHINGTON, May 28th.

The President has appointed and Senate confirmed John A. Hendrick collector of the port of Beaufort, North Carolina.

PHILADELPHIA, May 28th.

Hon. Thomas A. Scott, assistant secretary of war, has arrived here direct from Gen. Halleck's army before Corinth, having left them last Friday. Our army is in excellent condition occupying a strong position, and ready for the great struggle. A battle may be expected within the next 10 days.

CHICAGO, May 28th.

Dispatches from Fort Wright state that the enemy is believed to have been largely reinforced during the last three days. Two transports are known to have arrived from Memphis, bringing two regiments of infantry and three batteries of artillery. A part of this force was landed at Randolph while the remainder occupy the Arkansas shore, nearly opposite Island 33, where they are reported engaged in erecting batteries.—Deserters and refugees continue to arrive at the fleet. Several who have just arrived bring reports that the enemy are about to assail the flotilla. Refugees from Memphis, Sunday, say that the rumor current in that city that 10 federal steamers had reached White river is correct, at the mouth of which they had established a blockade.—The steamers were thus cut off from their last avenue of escape. A short time before steamer left the fleet, the mortars which had been silent for some days, again opened fire on the fort.

[Special Dispatch to the Chicago Tribune.]

WASHINGTON, May 28.

Mr. Corwin's new treaty with Mexico stipulates that the United States shall loan the Mexican government eleven millions, in twenty years six per cent bonds, taking as security a lien upon church property and other public lands in Mexico. A commission, consisting of one Mexican and one American citizen, to be appointed to sell a sufficient portion of property to reimburse the United States within five years. The negotiation was undertaken with the knowledge of the British minister, and with the understanding that the United States bonds would be accepted by his government in part payment of the debt due British subjects from Mexico. It is doubtful whether the senate, which rejected a previous treaty, will ratify this.

Long Bridge is again impassable, an engine having broken through the frail supports of the draw. The recent work of the Virginia end of the bridge is said to be entirely unfitted to bear burdens of engines and trains. Many vessels are blockaded by the break, as well as trains that supply the troops at the south.

After an hour consumed in dilatory motions, necessitated by the absence of three republicans, the House refused to lay on the table the motion to reconsider the rejection of the emancipation bill by a vote of seventy-three to sixty-nine. The only changes were Dawes and Porter. Six members, including Mitchell and Leary, who voted for rejection, sat silent. Most of the absentees had paired. A motion to reconsider was postponed till Wednesday, and probably will have to be recommitted.

The senate bill charging direct taxes on lands in rebel states and selling in default of payment, a good confiscation measure, as far as it goes, passed the house by a vote of three to one.

After Sigel's speech last night, Carl Schurz, Lovejoy and Washburne spoke to a great concourse, many of whom were Germans, and greatly applauded.

On the floor of both houses, to-day, he was introduced to most of the representatives by Messrs. Arnold, Blair and Colfax. While in the senate he was sent for by the President. It is hoped on all hands he will have a situation and sufficient command.

Contracts were awarded by Col. Rucker, quartermaster, to-day, for 500 cavalry horses in Ohio, Indiana and Washington.—Bidders at from $194 to $107 in parcels of 50 and 100. O. H. Moore, Carrolton, Ohio, and Lewis Sargeant, of New Philadelphia, Ohio, were the lowest contractors. Fifty artillery horses were awarded to O. H. Moore at $108; 150 more at prices varying from $108.99 to $109.50.

Mr. Wade has reported back from the senate committee on territories the bill making the oath of loyality, past, present and future, a requisite to due process for the recovery of fugitive slaves, punishing kidnapping of colored persons from the District of Columbia, and permitting negro testimony.

A board of three medical officers, to examine applicants, who must be between 25 and 40 years old; must present sufficient evidence of physical ability and general character and business qualification. Examinations will be made in the ordinary English branches, pharmacy and materia medica. The relative merit is to be reported and appointments regulated by the report.

A military commission has been ordered by the president for the trial of editors and correspondents violating the regulations from the war office for the government of the press.

The senate will probably vote to tax slaves but whether more than five dollars annually is doubtful. A tax of a quarter of a cent in all such cases may yet be imposed on cotton and the tax on manufactures diminished.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DESPATCHES.

WASHINGTON, May 28.

General McClellan telegraphs to the secretary of war that the battle at Hanover Court House resulted in a complete rout of the enemy. It is stated that we have taken 500 prisoners. The loss of the enemy is set down at 1000. Our men buried 100 of their dead. Our loss is 375 in killed, wounded and missing, of which 53 were killed. The forces opposed to us were principally from North Carolina and Georgia. Prisoners from North Carolina say they are very tired of the war, and that their defeat will have a very demoralizing effect on the rebel army.

Information from General Halleck's command, dated yesterday, indicates that no engagement had taken place.

No further particulars of General Banks' affair have been received.

PROVIDENCE, May 28.

Gov. William Sprague was, to-day, elected United States Senator for six years from the 4th of March next, when the term of Senator Simmons expires. He received 92 votes out of 103. There was no regular nomination in opposition.

BALTIMORE, May 28.

Eugene Van Ness, paymaster in the U. S. A., died to-day in this city. He had been in the army 23 years.

NEW YORK, May 28.

Several letters have been received from New Orleans, from rebel sources, pretending to give accounts of the defeat of Halleck; also that Butler robbed the Dutch consulate of $800,000 deposited there by an agent of the the banker Hope, and that all the consuls made a unanimous protest against it; that Farragut and Porter are afraid to land at New Orleans on account of the mobs; all of which and other foolish statements were eagerly printed by the Diaro Marina, which refused to correct the statements although proved to be false.

The last direct accounts of May 3d place the French forces 12 miles from Puebla with 15,000 Mexicans ready to give battle.

Several vessels have sailed from Havana for New Orleans and more are advertised, including two Spanish steamers. Two rebel schooners with cotton have arrived. The British steamer Edward Hawkins arrived with a cargo of cotton from Metamoras, and sailed for Liverpool.

NEW YORK, May 29.

A special dispatch to the New York Herald, dated Nashville, May 25th, says:—Generals Mitchell and Negley arrived here to-night. They report everything quiet at Huntsville, Alabama, and the Union feeling increasing. J. E. Clemens and Judge McClean and family are among the prominent Unionists. General Mitchell speaks of his position in Alabama as permanent.

From the Petersburg Express, May 22d.

AUGUSTA, May 21.

The Charleston papers of this morning state that four federal vessels shelled Coles Gate and Kiawah Island, yesterday morning. The confederates retired after burning their quarters, &c. Coles Island is 12 or 15 miles from Charleston.

WASHINGTON, May 28.

Herald's dispatch.—The overland mail company will resume the transportation of letters in 15 days. Papers and documents will go via Panama, under an arrangement with Vanderbilt.

NEW BRIDGE, CHICKAHOMINY, Va.,
Monday Eve., May 26.

Times' dispatch.—Within the past three days the disposition of the whole rebel army before Richmond seems to have been changed. Instead of the rebels retreating with all their supplies and camp equipage towards the city they are coming from it, and are evidently determined to make a stand between it and the Chickahominy River. It was ascertained, beyond a doubt, that five days ago, but a small force of the enemy, say 6,000 men, occupied the ground between us and Richmond. It was then supposed that our march into the city would be easy and rapid, and that an opportunity would soon be given the Union citizens of that place to demonstrate their delight at being liberated from the secession yoke, but now the aspect is completely changed, and numerous indications favor the belief that our onward progress to Richmond is to be hotly disputed by the larger part of the rebel army. Every hour troops are pouring out of Richmond and dispersing themselves along the line of Chickahominy, being at some points only half a mile from it.

A deserter, just arrived from a Georgia regiment, states that between Richmond and Mechanicsville, and about one and a half miles from the latter place, three Georgia regiments have encamped since morning. He says that Beauregard arrived in Richmond last Thursday and that a most vigorous attempt will be made to save the city.

Last night our gun boats on James river threw a few shells into the rebel batteries, but with what effect we did not learn.

Yesterday, hand cars were running from West Point to the Chickahominy River.—This new facility for getting supplies, guns and ammunition to the army can be readily appreciated. A deserter who came in this forenoon, reports the main body of the confederate army on the north side of the railroad. The brigade of Tennessee troops to which he belongs are doing picket duty on this side. The rebels claim 150,000 men, but 80,000 he asserts will cover their entire force. Much dissatisfaction exists among them, on account of the conscription act, and many would be glad to lay down their arms, did not pride forbid. The leaders are determined to make a stand having chosen a position near Richmond for this purpose.

NEW YORK, May 29.

The steamer Manassas brings New Orleans mails and papers to the 18th.

A communication from Jacob Barker argues against the destruction of cotton, also says if our brave soldiers did not win a satisfactory peace we must fall back on the ballot box, and suggests an amendment of the constitution so as to allow the people to vote directly for President.

An order from Provost Marshal French, says all coffee houses, bar-rooms, hotels, gaming and billiard saloons, must procure licenses immediately under penalty of confiscation.

General Butler ordered the circulation of confederate notes and bills to cease on the 27th, all sales or transfers of property, on and after that day, in consideration of such notes or bills, will be void, and the property confiscated to the United States, one-fourth to the informer. Another order suppresses the Bee for an article in favor of the cotton burning mob. The office of the Delta was taken possession of for an article discussing the cotton question, in violation of Butler's proclamation of the 1st. Its business will be conducted by United States authorities. Adams' Express office has opened. Thos. U. Lester is announced as a Union candidate for recorder in the 4th district. Victor Schultz is announced as a candidate for mayor, irrespective of party. Six persons are sentenced to be shot for violation of parole given at Fort Jackson, in organizing military for service in the rebel army. The steamer Fox had arrived from Havana; also prize steamer Gov. Morton from Sabine. John M. G. Parker, formerly at Ship Island, is postmaster at New Orleans.—Some cotton had arrived from Palaquemine, and a quantity of provisions from the interior.

AFTERNOON DESPATCHES.

NEW YORK, May 29.

Flour receipts 15966 bbls, market 5c better with sales of 90000 bbls. 425a440 superfine western 455a475 common to medium extra western.

Wheat receipts 170,605—bushel market 1c lower. Active demands for spring sales 20,000 bushels 90c a 95 Chicago spring—96 a 102 Milwaukee club.

NEW YORK, 29.

A New Orleans papers says General Butler forbids the observance of Jeff. Davis' day of fasting and prayer. He had also issued the order about women, previously reported via. Corinth. The Crescent is suppressed; strict health regulations are established and quarantine.

A municipal regulation of the city of New Orleans punishes with imprisonment in the calaboose, any woman of the town found in the streets after nightfall, or who may converse from the windows of their houses with persons outside. This is doubtless the punishment accorded to women who may insult our soldiers under the recent proclamation of Gen. Butler.

FORT MONROE, May 29, via Baltimore, 29.

The steamer Massachusetts, which left Sunday A. M. for City Point with a flag of truce, returned early this morning. The boat took up Col. Hanson of Kentucky who was expected to be exchanged for Colonel Corcoran, and also Capt. Robertson, of Virginia, Lieut. W. Blake, a private, a lady and Mr. Lowe, of Kentucky. The boat arrived at City Point on Sunday evening. Gen. Wool's communications were delivered, and on Tuesday answer was received from Gen. Huger. Col. Corcoran and the other prisoners not having been delivered up, Col. Hanson and the other officers were brought back. Col. Hauson is very severe upon Gen. Huger for his failure to fulfil his promise.

Our gunboat fleet still remain 15 or 20 miles below City Point. Nothing has recently been done beyond a reconnoisance a short distance up the Appomatax. A squad of the rebels cavalry was seen on the bank, but a few shells dispersed them. No troops or citizens are left at City Point.

A steamer arrived from Hatteras, this morning. No news of interest. There is no truth in the report of General Burnside's occupation of Raleigh. The Union prisoners at Salsbury are on their way to New York, having been released and delivered to General Burnside at Washington, North Carolina.

The Norfolk Day Book, which was suspended yesterday morning, reappeared in the afternoon. The restrictions have been removed. In consequence of the frequent violation of the orders prohibiting trade with Norfolk and Portsmouth, a new and more stringent order was, to-day, issued as follows:

HEADQUARTERS DEPARTMENT OF VA., May 28.

No goods of any kind will hereafter be transported by express companies to Norfolk, Portsmouth or Gosport, except by permission of the commanding general, and then only after invoices of the articles have been furnished with the names of those to whom they belong, and where they are to be delivered. Hereafter no vessels, not employed by the army or navy, will be allowed to go to Norfolk, Portsmouth or Gosport, or any other place on either side of the Roads, not occupied by the United States troops, except by authority of the commanding general. Any violation of this order will subject the vessel and property to seizure and confiscation, and the persons who may be the cause either directly or indirectly, will be severely punished. By command of Maj. Gen. Wool.

Quite a disturbance took place in Norfolk last night. It is said to have been occasioned by a negro shooting a corporal named John Burke, Co. C, 99th New York regiment. The disturbance became general, and the greater part of the company was engaged. Three negroes were killed and two or three wounded. Six of the ringleaders were sent to the river, many others were arrested but released; all is quiet now.

WASHINGTON, May 29.

Recently John Dean, Esq., presented to the circuit court the petition of Dan Breed for a writ of habeas corpus to Marshal Lamon, for the discharge of a colored man claimed by a citizen of Maryland as a slave, on the ground that said alleged fugitive slave is illegally detained, and restraint and imprisonment are not authorized by the fugitive slave law of 1850; in other words that law does not apply to the District of Columbia. Mr. Dean, to-day, continued his argument to show the writ could not be refused. The court had previously intimated they would not grant the prayer, and to day said an appeal could be taken to the supreme court of the United States, on the refusal, just as well as upon the writ. Further argument will be heard to-morrow. The fugitive slave law continues to be enforced. During this month about 50 slaves have been returned to their claimants.

NINETEENTH REGIMENT.—This regiment, under command of Col. Sanders, now numbers 851 rank and file, making, with the staff and line officers, a body of nearly 900 men. The regiment is eager to be off for the wars.

REBEL PRISONERS.—Up to May 27th, there were 112 deaths in Camp Randall among the rebel prisoners. The number left is 1036, 135 of whom are more less sick, in barracks, and 83 are in the hospital.

A Slight Cold,
Cough, Hoarseness or Sore Throat, which might be checked with a simple remedy, if neglected, often terminates seriously. Few are aware of the importance of stopping a Cough or Slight Cold in its first stage; that which in the beginning would yield to a mild remedy, if not attended to, soon attacks the lungs.
Brown's Bronchial Troches were first introduced eleven years ago. It has been proved that they are the best article before the public for Coughs, Colds, Bronchitis, Asthma, Catarrh, the Hacking Cough in Consumption, and numerous affections of the Throat, giving immediate relief.

The Mutual Life Insurance Company
OF THE
STATE OF WISCONSIN.

Presents advantages in all respects equal, and in some superior, to those of other companies doing business in the northwest. Its rates, its plan of operations, and its basis, are identical with the best companies in this country and Europe. Its age, and consequently its accumulations, are not equal to theirs *in amount*, but in proportion to the age of risks, and amount at risk, they will compare favorably with the most successful.

Its assets, which have resulted solely from the accumulations of three years, amount to **$86,881.20,** and its annual income, from policies now in force, over **$65,000.**

Its assets and business are constantly increasing. Its losses have been promptly paid. Its trustees are well known, honorable business men, and are as capable of managing an institution of this kind, as men in any other portion of the United States. The experience of the company thus far proves that we can have as reliable companies in the west as any where else, if we will, *and self-interest certainly indicates that we should have them, and build up home interests in every practicable way.* In the above respects, this company claims equality with its co-workers, and in the following superiority: It obtains the greater portion of its business in the healthiest portion of the United States, thus having the advantage of a less per centage of loss; it receives higher rates of interest on its investments, thus making more rapid accumulations—both very important items in Life Insurance; *and its expenses have been less* in proportion to its business than any other new company doing business in the United States.

S. S. DAGGETT, President.
A. W. KELLOGG, Secretary.
H. G. WILSON, General Agent.

The company has a large number of lives insured in Janesville. Applications for insurance received by the agent, Willard Merrill, at his law office in Lappin's block.

Further Directions.

The following information as to the character of the hospital stores needed by our wounded soldiers was given to the meeting at Lappin's Hall, Monday afternoon, in addition to what we have already published:

The pads or cushions for wounded limbs may be filled with bran or cotton. Bandages from 2 to 3 inches wide are oftener required than other sizes. They should be stitched firmly together, and wound tightly from the commencement of the roll; old cloth not too much worn is better than new.

If any delicacies are sent, blackberry and raspberry jellies are far preferable at this season of the year. Grape wine should be sent instead of currant. The best brandies would be useful, and good dried peaches, prunes and cherries are highly acceptable to a convalescing patient. Shirts partly worn are full as good as those made of new cloth.

A Card.

Mr. T. H. LITTLE, Superintendent of the Institute for the Blind:

While the Hospital Relief Society were in session yesterday they received your generous offer, to give a concert, with your pupils, on Tuesday evening, June 3d, for the benefit of the society.

Believing that, from a natural interest in your pupils, as well as for the cause in which you and they are so kindly inclined to assist us, that it can be but a success, we most thankfully accept your proposition. Yours most truly,

MRS. J. M. BURGESS, Prest.
MRS. J. T. WRIGHT, Vice "
MARIA F. CLARK, Secy.

THE HOSPITAL RELIEF SOCIETY will meet at Mrs. Geo. B. Ely's, on Tuesday, June 3d, from 1½ till 5½ o'clock P. M., to make up bed gowns, bed drawers, dressing gowns, &c. Will the ladies please to be punctual as there will be several sewing machines to supply, and much help will be required.—Contributions from, as well as the co-operations of ladies in the country, are earnestly solicited; articles already prepared, may be left at the Gazette Office or at the office of H. N. Comstock, Esq., Lappin's block.—Any unmade cloth can be left at Mrs. Ely's or at the book store of O. J. Dearborn east side or at the leather store of J. T. Wright west side. MARIA F. CLARK, Sec.

SUICIDE.—Jargen Henderson committed suicide at McFarland, the railroad station six miles east of Madison, Tuesday night, by hanging himself. Cause not known.

WATER WITCH MEETING.—The members of Water Witch Engine Company No. 2 are requested to meet to-morrow evening, Friday the 30th, for drill, at 7 o'clock.

By order of Foreman,
A. D. STODDARD, Clerk.

FLOWERS.—The beautiful boquets which adorned Lappin's Hall last evening during the delivery of Mr. Browne's lecture, and which now grace our editoral and counting rooms, were collected from the nursery of Mr. George J. Kellogg. Mr. Kellogg has a large assortment of flowering plants and shrubs, from which a choice selection can be made.

☞ The independent military organizations of Chicago are called on by the general superintendent of the police, to take the place temporarily of the force now employed to guard the rebels at Camp Douglas.

OUR THIRD REGIMENT.—The Madison Journal says—"We understand that a dispatch has been received from the 3d regiment dated at Williamsport. From this it appears that the regiment is now with Gen. Banks and probably was with him during the recent retreat."

Col. Ruger, of this city, is in command of this regiment, and news from it will be looked for with special interest in this vicinity.

LECTURE BY EDWARD EVERETT.—Hon. Edward Everett will lecture in this city at Lappin's Hall on the evening of June 7th 1862, on "The Origin and character of the War." Our citizens will thus have the opportunity of hearing one of the most accomplished orators of modern times.

ARTEMAS WARD'S LECTURE.—The lecture last night was well attended, and the audience were well satisfied. "Artemas" made many good hits, in fact gave a surfeit of them, if any fault is to be found. If, when giving the authority of the telegraph operator at Washington for some of his information, he had quoted Tom Lappin's Afton line, he would have *localized* one of of his best points. We are pleased to know that Artemas is doing as well with his lecture as he ever did with his wax figures and menagerie before they were "confiscated" in Alabama.

EASTERN MONEY.—It is stated that the Bank of Beverly, Mass., the Consolidation Bank of Philadelphia and the Real Estate Bank of Delaware is thrown out by the New York and a portion of the Chicago banks. The general rule of taking no money but that which is well known is a good one. An abundance of good home currency and treasury notes can be obtained, if it is insisted upon. An unusual quantity of the bills of an unknown bank circulating in a distant vicinity is a suspicious sign.

DEATHS IN THE 13TH REGIMENT.—We learn from a letter written by Capt. Stevens, that Alvin T. Finney, of Avon, aged 18 years, died at Lawrence, May 15th, of typhoid fever; and that Ransom T. Rolf, of Cooktown, aged 18, died at Fort Riley, May 18th, of congestive chills; both members of company F, 12th regiment.

HOME INSURANCE COMPANY,
OF
New York.
Cash Capital and Surplus Over
$1,500,000.00.

CHAS. J. MARTIN, President. A. F. WILMARTH, Vice President.
JOHN M'DEE, Secretary.

H. L. DIMOCK, Agent,
for Janesville and vicinity.

The Wall Street Underwriter, for April, has the following:

HOME INSURANCE COMPANY OF NEW YORK.—The annual statement of this our foremost local fire company, made up to the 1st of January last shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, president, A. F. Willmarth, vice-president, and John McGee, secretary, those well accredited officers very justly say: "The well-known reputation of the HOME, for fair and honorable dealing, together with its capital of ONE MILLION DOLLARS, and surplus of about half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our state, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the 1st of January last summed up to $1,521,208.08, against an actual liability of only $55,080.43! and moreover it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company, bonds and mortgages $910,219.53, secured on real estate worth $1,715,900, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,636. Any one who is not satisfied with the security of the HOME as an insurance institution must be hard to please.

In 1861 the HOME wrote $106,715,148.00, taking $829,903 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of 10 per cent was paid on the million capital; and after reserving an ample reinsurance fund the company shows a "net surplus" of $160,644, clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

CONTINENTAL INS. COMPANY,
No. 102 Broadway, New York.
Cash Capital $500,000. Surplus $571,518.26
Total Assets $1,071,518.26.

TO OUR PATRONS.

We take pleasure in laying before you the Eighteenth Semi-Annual Report of the affairs of this company, with a comparative statement of its progress from year to year, together with a statement of the dividends declared to customers, the amount of Scrip Fund representing such dividends, and the *net surplus* accumulated, since the plan of allowing the customers of this company to participate in the profits of the business was adopted: from which it is apparent that by the system pursued the customers of the company obtain a *constantly increasing* SECURITY at the smallest possible expense, and that this is obtained WITHOUT ANY LIABILITY WHATEVER TO THE INSURED.

Scrip Dividends Declared to Customers.

The Net Surplus of the company, January 1, 1862, over and above all liabilities, after reserving a sum sufficient to re-insure all outstanding risks, was $428,287.24.

The company having reserved the right to issue non-participating policies, is prepared to issue such policies to persons desiring them, at rates as LOW AS ANY COMPANY can insure, and at the same time offer security worthy of the name.

Further Directions.

The following information as to the character of the hospital stores needed by our wounded soldiers was given to the meeting at Lappin's Hall, Monday afternoon, in addition to what we have already published:

The pads or cushions for wounded limbs may be filled with bran or cotton. Bandages from 2 to 3 inches wide are oftener required than other sizes. They should be stitched firmly together, and wound tightly from the commencement of the roll; old cloth not too much worn is better than new.

If any delicacies are sent, blackberry and raspberry jellies are far preferable at this season of the year. Grape wine should be sent instead of currant. The best brandies would be useful, and good dried peaches, prunes and cherries are highly acceptable to a convalescing patient. Shirts partly worn are full as good as those made of new cloth.

A Card.

Mr. T. H. LITTLE, Superintendent of the Institute for the Blind:

While the Hospital Relief Society were in session yesterday they received your generous offer, to give a concert, with your pupils, on Tuesday evening, June 3d, for the benefit of the society.

Believing that, from a natural interest in your pupils, as well as for the cause in which you and they are so kindly inclined to assist us, that it can be but a success, we most thankfully accept your proposition. Yours most truly,

MRS. J. M. BURGESS, Prest.
MRS. J. T. WRIGHT, Vice "

MARIA F. CLARK, Secy.

THE HOSPITAL RELIEF SOCIETY will meet at Mrs. Geo. B. Ely's, on Tuesday, June 3d, from 1½ till 5½ o'clock P. M., to make up bed gowns, bed drawers, dressing gowns, &c. Will the ladies please to be punctual as there will be several sewing machines to supply, and much help will be required.—Contributions from, as well as the co-operations of ladies in the country, are earnestly solicited; articles already prepared, may be left at the Gazette Office or at the office of H. N. Comstock, Esq., Lappin's block.—Any unmade cloth can be left at Mrs. Ely's or at the book store of O. J. Dearborn east side or at the leather store of J. T. Wright west side. MARIA F. CLARK, Sec.

SUICIDE.—Jargen Henderson committed suicide at McFarland, the railroad station six miles east of Madison, Tuesday night, by hanging himself. Cause not known.

WATER WITCH MEETING.—The members of Water Witch Engine Company No. 2 are requested to meet to-morrow evening, Friday the 30th, for drill, at 7 o'clock.

By order of Foreman,
A. D. STODDARD, Clerk.

FLOWERS.—The beautiful boquets which adorned Lappin's Hall last evening during the delivery of Mr. Browne's lecture, and which now grace our editoral and counting rooms, were collected from the nursery of Mr. George J. Kellogg. Mr. Kellogg has a large assortment of flowering plants and shrubs, from which a choice selection can be made.

☞ The independent military organizations of Chicago are called on by the general superintendent of the police, to take the place temporarily of the force now employed to guard the rebels at Camp Douglas.

OUR THIRD REGIMENT.—The Madison Journal says—"We understand that a dispatch has been received from the 3d regiment dated at Williamsport. From this it appears that the regiment is now with Gen. Banks and probably was with him during the recent retreat."

Col. Ruger, of this city, is in command of this regiment, and news from it will be looked for with special interest in this vicinity.

LECTURE BY EDWARD EVERETT.—Hon. Edward Everett will lecture in this city at Lappin's Hall on the evening of June 7th 1862, on "The Origin and character of the War." Our citizens will thus have the opportunity of hearing one of the most accomplished orators of modern times.

ARTEMAS WARD'S LECTURE.—The lecture last night was well attended, and the audience were well satisfied. "Artemas" made many good hits, in fact gave a surfeit of them, if any fault is to be found. If, when giving the authority of the telegraph operator at Washington for some of his information, he had quoted Tom Lappin's Afton line, he would have *localised* one of his best points. We are pleased to know that Artemas is doing as well with his lecture as he ever did with his wax figures and menagerie before they were "confiscated" in Alabama.

EASTERN MONEY.—It is stated that the Bank of Beverly, Mass., the Consolidation Bank of Philadelphia and the Real Estate Bank of Delaware is thrown out by the New York and a portion of the Chicago banks. The general rule of taking no money but that which is well known is a good one. An abundance of good home currency and treasury notes can be obtained, if it is insisted upon. An unusual quantity of the bills of an unknown bank circulating in a distant vicinity is a suspicious sign.

DEATHS IN THE 13TH REGIMENT.—We learn from a letter written by Capt. Stevens, that Alvin T. Finney, of Avon, aged 18 years, died at Lawrence, May 15th, of typhoid fever; and that Ransom T. Rolf, of Cooktown, aged 18, died at Fort Riley, May 18th, of congestive chills; both members of company F, 13th regiment.

HOME INSURANCE COMPANY,
OF
New York.
Cash Capital and Surplus Over $1,500,000.00.

CHAS. J. MARTIN, President. A. F. WILMARTH, Vice President.
JOHN M'GEE, Secretary.

E. L. DIMOCK, Agent,
for Janesville and vicinity.

The Wall Street Underwriter, for April, has the following:

HOME INSURANCE COMPANY OF NEW YORK.—The annual statement of this our foremost local fire company, made up to the 1st of January last shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, president, A. F. Willmarth, vice-president, and John McGee, secretary, those well accredited officers very justly say: "The well-known reputation of the HOME, for fair and honorable dealing, together with its capital of ONE MILLION DOLLARS, and surplus of about half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our state, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the 1st of January last summed up to $1,521,208.08, against an actual liability of only $55,680.43! and moreover it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company, bonds and mortgages $910,210.53, secured on real estate worth $1,715,900, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,636. Any one who is not satisfied with the security of the HOME as an insurance institution must be hard to please.

In 1861 the HOME wrote $106,715,148.00, taking $820,903 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of 10 per cent was paid on the million capital; and after reserving an ample reinsurance fund the company shows a "net surplus" of $160,044, clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

CONTINENTAL INS. COMPANY,
No. 102 Broadway, New York.
Cash Capital $500,000. Surplus $571,518.26
Total Assets $1,071,518.26.

TO OUR PATRONS.

We take pleasure in laying before you the Eighteenth Semi-Annual Report of the affairs of this company, with a comparative statement of its progress from year to year, together with a statement of the dividends declared to customers, the amount of Scrip Fund representing such dividends, and the *net surplus* accumulated, since the plan of allowing the customers of this company to participate in the profits of the business was adopted: from which it is apparent that by the system pursued the customers of the company obtain a *constantly increasing* SECURITY at the smallest possible expense, and that this is obtained WITHOUT ANY LIABILITY WHATEVER TO THE INSURED.

Scrip Dividends Declared to Customers.

The Net Surplus of the company, January 1, 1862, over and above all liabilities, after reserving a sum sufficient to re-insure all outstanding risks, was $428,287.24.

The company having reserved the right to issue non-participating policies, is prepared to issue such policies to persons desiring them, at rates as LOW AS ANY COMPANY can insure, and at the same time offer security worthy of the name.

A Great National Work.
Something for Every Citizen, Every Fireside, Every Rader!
NO MAN, NO FAMILY, NO OFFICE SHOULD BE WITHOUT IT.
The only Correct and Complete
HISTORY OF THE WAR.
THE SOUTHERN REBELLION
and the
WAR FOR THE UNION:
A History of the
Rise and Progress of the Rebellion,
and
Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,
TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library: and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will earn *more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

A Great National Work.

Something for Every Citizen, Every Fireside, Every Rader!

NO MAN, NO FAMILY, NO OFFICE SHOULD BE WITHOUT IT.

The only Correct and Complete

HISTORY OF THE WAR.

THE SOUTHERN REBELLION

and the

WAR FOR THE UNION:

A History of the

Rise and Progress of the Rebellion,

and

Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,

TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library: and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.

SINGER & CO.'S

STANDARD MACHINES,

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.
Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.
We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.
We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*
Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.
☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.
☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.
The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection*. We have the ways and means, on a grand scale, to do this.
The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.
